

5. Montenegro Lullaby
Lully, Lully, Lully

Montenegro is a small mountainous country on the Adriatic coast immediately West and North of Albania. This well-known lullaby is particularly interesting musically as it uses the #II interval (Eb to F#) which is found in Eastern European and Balkan music, yet usually absent in the Western European tradition.

Lully, lully, lully
Mummy her little son is rocking
Mummy her little son is rocking
Sleep is eluding baby!

Are you sleeping?
Here comes your father.
Are you sleeping?
Here comes your father.
And towards thee comes a drowsy grandmother.

Lyulyala, lyulyala mayka sinana,
Lyulyala, lyulyala mayka sinana,
Ninana, sinana
San te prevario,
Ninana, sinana,
San te previrio.

Priye tebe
Nego baba tvoga,
Priye tebe
Nego baba tvoga,
Otud ide
Sanovita baka.

2. Bangladesh Lullaby
Come O Sleep

Come O Sleep O tender Sleep Mother of Sleep, come and lull my child
In your country, O Sleep, there lives in a house Grandfather, the Teller of tales.
In that land there are many many prices and princesses
And many horses and elephants, kings and their palaces
And stories of many many lands. Come O Sleep O tender Sleep

Mother of Sleep, come today and pay a visit to our house.
And take my child this evening to the house of the Grandfather, the Teller of tales.
Along with my child will also go all his little playmates.
Come on Pootool, come on come on Chobi, come along all of you.
Come O Sleep O tender Sleep

O Mother of sleep what would you like as a reward?
I shall give you all colourful sarees tha shimmer with red and gold
I shall give you rice and grains, and even earthenware to cook in.
You are welcome to come to our house on the bank of the beautiful river.
